College Building Contracted.

The contract has been let for the construction of the new college at Stanton and work has begun. The building will be a three story structure, and stands prominently on elevated grounds dedicated to the school by J. C. Patrick. The contract price for the building is \$20,000 00. This school will be of untold value to Powell county, and is sure to be the means of attracting many good families to the county seat to avail of the schools advantages. Nothing builds up a town like a good school.

Playing Papa and Mamma.

There was a Clay City lady the other day who hastened to an adjoining room and said to her little daughter:

"Minnie, what do you mean by shouting and screaming? Play quietly, like Tommy. See, he doesn't make a sound."

"Of course he doesn't," said the little girl. "That is our game. He is papa coming home late at night, and I am you."

To all who will pay up all arrearages and one year in advance, we will send the Southern Agriculturist free for one year. If you want it don't forget to ask for it. The Agriculturist is one of the best farm papers published.

An Obliging Corporation.

No sooner had the waters receded last week than Brodhead-Garrett Company began clearing the roadway of their logs which were floated all over everywhere by the tide last week. They soon had it ready for travel, but the approach to the bridge was gone. This obliging firm set at once to rebuild this piece of trestle and soon had it back in position. Not only did this public spirited firm help us build this, the first bridge in the county but they seem anxious to help us keep same in repair.

Such a corporation as Brodhead-Garrett is worth a great deal to any town or county. This company gives liberally to any kind of public enterprise and is directly identified with our people. It is the wish of the Times that this firm may prosper far beyond expectations, and that Clay City and Powell county may gain more of such people.

Kentucky Union Company Fined.

The Kentucky Union Company was fined \$30 00 and costs in the case against them for failing to keep in repair the bridge across their mill race near the bank, in the Clay City Police Court Tuesday. The company appealed the case to Circuit Court though it confessed judgment.

Twelve Months Dead Line.

By order of the Postoffice Department all weekly papers can no longer be mailed as second-class matter to subscribers twelve months or more in arrears. In complying with this new ruling we have been compelled to cut off 300 names, and all subscribers from this time on will have to be promptly dropped when their subscription becomes twelve months past due. Please keep yourself from under the dead line by paying one year in advance. Publisher.

COUNCIL MEETS.

Levy Fixed Same as Last Year. Other Business of Minor Importance.

The City Council met in regular session Friday night with the Mayor and all the Councilmen except Eaton who is away from the city, present.

Geo. Alford was elected pound keeper and instructed to enforce the law requiring owners of all hogs running at large to be rung at once. He was allowed a fee of \$1 00 for each hog caught in the act of violating this ordinance.

The treasurers report showed \$880 00 in the Treasury. The Marshal's report showed \$23 00 collected on tax, and the Clerk reported \$2 00 collected on license.

The Clerk was instructed to notify Kentucky Union Company to repair their dilapidated walks at once.

'Twas decided to continue the city school under the present management, and the usual tax of 25 cents on the \$100 worth of property levied for the school fund. The levy for general purposes was left unchanged which is fifty cents on the one hundred dollars, making in all seventy-five cents.

The poll tax was also left unchanged which is \$1 50 on each poll.

The officers' and teachers' salaries are all the claims that were allowed.

A Sweet New Blossom.

"A sweet new blossom of humanity; Fresh fallen from God's own home to flower on earth."

Thus spoke Dr. Smith as he came down town yesterday morning, taking two high steps at a time. "Not a lifeless, useless toy, we've a lively, bouncing boy." Verily, "what is a home without a baby?" The Times congratulates the proud parents and trusts the promising, black-eyed boy may grow into noble manhood and fill the sunset of his parents' life with comfort and happiness such as can only come from a dutiful child.

Will Raise no Tobacco.

John P. Vaughn, of Lawrenceburg, a former resident of this county and who is so well known here, says that he like most other Bluegrass farmers will raise no tobacco this year, but that he will raise a large crop of hemp for the seed, and tomatoes.

Last year he grewed some hemp and got 15 bushels of seed per acre. He disposed of this seed at \$8 00 per bushel which makes a yield of \$120 00 per acre.

The Rev. Geo. O. Barnes, the noted Kentucky evangelist, of the eighties, is dead at Sanibal, Fla.

DAMS ACROSS RIVERS.

New Law Provides for This to be Done by Corporations. Applicable to Red River.

We frequently hear persons talking about the locking and damming Red river by the Federal government for navigation. This is not likely to be done for many years yet. A bill was put through the recent session of the Legislature authorizing the erection of dams on any stream in the State to improve navigation, and giving individuals and corporations constructing such dams the right of eminent domain. This measure has been signed by the Governor and is now a law.

At least three dams in the river would give slack water to Clay City, and two would probably answer the purpose. A dam in Red river costs very little compared to the cost of one in Kentucky river, and the exclusive use of same at such a small cost, seems to us worth considering by some large shippers of freight in this section. If the improvement of the Kentucky river is worth its cost, the improvement of Red river would certainly be for it would not cost the tenth part to the mile, and could be under private control which soon would re-imburse the builders of the locks and dams and thereafter be a great source of profit to the owners of the project, and a great benefit to the people of this section.

Bridges Submerged.

Two of Powell county's bridges were completely submerged by the high water last week. The bridge at Bowen was about two feet under water, while the bridge at Walter's Ferry was about one foot. The bridge at Walter's Ferry is twenty-nine feet above the low water mark, but the channel of the river here is not so wide as at the other places, so the stream rises much faster. The roadway of the bridge in this city was fully two feet clear of the highest water, and it is but twenty-three feet above low water, but the river is 140 feet wide at this place which accounts for the water getting no closer to the bridge.

Winchester Wants Convention.

Winchester has put in a bid for the Democratic State Convention. Winchester has the accommodations for big conventions and we hope she will get it. Owing to Louisville's infidelity to the party it is believed that city will not be in the contest. Lexington and Frankfort have been the competing points until Winchester has entered the ring.

A tobacco barn was burned for H. H. Clay at Indian Fields Sunday morning. Mr. Clay is an independent tobacco grower, but says he does not think that his avowed intention to grow a crop of tobacco this year had anything to do with the barn burning.

ANNOUNCEMENTS.

We are authorized to announce JOHN P. GAYLORD candidate for Jailor, subject to the action of the Democratic party.

Clay City Should be in the Ring.

Many other towns are organizing civic clubs and we regret that Clay City is not in the number. Our old worn-out board walks and mud streets may put a feeling upon the majority that it is of no use, but they can to some extent be beautified (?) by improvement of the abutting property.

The ladies of a town make the best members of such a club, and we do wish they would take hold and have the old town renovated, for it does certainly need it.

The complaint comes from many that many property owners are not able to engage much improvements about the premises. This sounds funny to us. If the owners of property are busy at other work they certainly are able to have a little work done about their place, and if they have no employment then they can do the work themselves.

A little paint, a little white-wash and an old racked down fence straightened up and the loose boards of the dilapidated walks laid in the proper place and tacked down sometimes improves a place wonderfully, why not try it and see if you cannot win a compliment.

A citizen of this town who once had a nice gravel walk but which has been dug out in puddle holes by the rooting hog, bucks when asked to rebuild his walk, we don't blame him. The hogs should be rung according to the city law before they are turned loose on the commons, and we believe that the right man is after them and that the hogs will soon be rung.

Want's Bachelors Taxed.

An exchange says it is in favor of the bachelor tax if the proceeds be used to help better the lot of those who have families and are unable to care for them properly; and to help those who would be willing to raise families if they only had the means to do it. And we think it would not hurt if this tax were applied to all married people with an income of over \$500 a year who have no children.

Gov. Willson, after killing so many night riders, and gaining so much evidence against them with his detectives have sailed to New York again.

Some say times are too hard to improve the home premises. That is the very time to improve. It buoys up our spirits and makes us really feel much better and consoles us because in so doing we make our neighbor think we are prospering.

It is hard to convince some people that we are not going to have another wet season. The prognostications of the patent medicine almanac and the start already made in that direction is too conclusive.

Many are of the opinion that Governor Willson should resort to some secluded spot and take a much needed long rest. No doubt it would do him great good and the Commonwealth of Kentucky too.

Clay City was a sure enough wet town a few days last week.

Few of the Things in the New Capitol.

The following facts and figures regarding the new State Capitol Building at Frankfort are quite interesting.

Ground was broken for the work on May 30th, 1905, and when it is formally turned over to the Legislature it will have been erected in about three years.

The entire cost of the building will be \$1,198,694, and the architect's fee \$51,306.

However, the money which goes to the architect is not to be paid until the building is completed.

The building itself is 402 feet 10 inches long and 180 feet wide. Its height at the central pavilion is 90 feet, while the dome rises 130 feet higher, making the extreme height of the dome 220 from the ground.

The building is three full stories and a basement, besides the balconies of the two legislative halls.

It contains 375 carloads of Bedford stone, 75 carloads of Georgia and Tennessee marble, 42 carloads of granite, 6,000,000 brick, 150 carloads of Portland cement, 30 carloads of lime, 576 carloads of sand, 500 carloads gravel, 30 carloads of steel, 70 carloads of tile, 150 carloads of lumber, 14 carloads of plaster of paris and 20 carloads of roofing material, plate glass and plumbing material.

An elaborate program will be arranged for the ceremonies attending the presentation of the building to the General Assembly.

After Legislative Votesellers.

Circuit Judge Stout in his charge to the grand jury did not directly mention the recent senatorial race, but he said the crime of vote selling was a most heinous one in any form, but especially was it contemptible when a man elected to the Legislature by his constituents comes to the State Capital and fails to carry out the wishes of his people, or, in other words, sells out."

He said it was a matter of common rumor that lobbyists had bought votes for and against certain measures and he told the grand jury that it was their duty to investigate the matter fully both as to who sold out their constituents and those who did the buying. It is understood that all the newspaper reporters who served here during the legislative session will be summoned to tell where they heard the bribery rumors that were so frequently published.

A Jessamine county lady who

heard of the night riders leaving a bunch of switches at a man's house to frighten him, tried the joke on her husband, who had been keeping late hours, and it worked like a charm. He went to bed before 8 o'clock and has not been out after nightfall since.

Asks Us to Print it.

To relieve the worst forms of Rheumatism, take a teaspoonful of the following mixture after each meal and at bedtime:

Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces.

These harmless ingredients can be obtained from our home druggists, and are easily mixed by shaking them well in a bottle. Relief is generally felt from the first few doses.

This prescription, states a well-known authority in a Cleveland morning paper, forces the clogged-up inactive kidneys to filter and strain from the blood the poisonous waste matter and uric acid, which causes Rheumatism.

As Rheumatism is not only the most painful and torturous disease, but dangerous to life, this simple recipe will no doubt be greatly valued by many sufferers here at home, who should at once prepare the mixture to get this relief.

It is said that a person who would take this prescription regularly, a dose or two daily or even a few times a week, would never have serious Kidney or Urinary disorders or Rheumatism.

Cut this out and preserve it. Good Rheumatism prescriptions which really relieve are scarce, indeed, and when you need it, you want it badly. Our druggists here say they will either supply these ingredients or make the mixture ready to take, if any of our readers so prefer.

"Croppers" of Union, Henderson and Webster counties are demanding two-thirds of tobacco and corn crops as their share instead of the one-half formerly received. Night riding methods have been adopted to force compliance with the demand.

were ordered for 30 days' trial by readers of our advertising in one medium only. 112 only were returned from all causes. It must be assumed that the 2018 people who kept and paid for the washer did so because it was worth more to them than the money it cost. They all had the privilege of returning the "EASY" at our expense same as you will have if you try one. They kept it because it solved the washing problem for them. You will keep it for the same reason if you try it.

They expressed their satisfaction in the most positive terms. We will show extracts from their letters upon your request. Ask for our free book. It tells you why the "EASY" is a woman's machine. Pages 3-20 tell you how to cut washing expense in half and save your clothes whole, white and sweet, the way you like them. Pages 32-34 tell you how washing and bleaching are done in one operation.

"It's an ill wind that blows nobody good." The sweeping flood may have prevented a typhoid fever epidemic this spring.

Many of the board walks about town were floated around out of the proper place by the flood last week and many so remain.

Mrs. A. M. Burgher and little son, Shelby, spent several days in Winchester last week with Mrs. Burgher's sister, Mrs. Noah Rose.

Taulbee Mounts served as police in the absence of Chief Johnson from the city the first of the week and he made a splendid officer.

The freeze Thursday night and the big frost Friday night killed a good deal of the peaches, pears, plums and etc., but there is still some left.

Mrs. B. Littlepage returned Saturday from Louisville and Anderson county where she has been the past several days the guest of relatives.

Fishing must be pretty good this spring. We have seen several nice strings of the finny tribe brought home by our successful fishermen.

T. N. Rich was called to the bedside of a brother at Richmond last week. He has returned but reports his brother to be in a very dangerous condition with no hopes of recovery. His brother is at Gibson infirmary under treatment.

Plenty of Trouble is caused by stagnation of the liver and bowels. To get rid of it and headache and biliousness and the poison that brings jaundice, take Dr. King's New Life Pills, the reliable purifiers that do the work without grinding or griping. 25c at Swann-Day Lumber Co.'s store.

The highway bridge was made ready for travel yesterday morning, so there is now no hindrance to cut us from the outside world in that direction.

M. H. Courtney, of Winchester, and J. F. Cox, of Bowling Green, directors of the Clay City National Bank were in the city on business Monday.

The most interesting Republican convention was the one held in Tennessee last week when it began with a fist fight. That beats political speeches.

John Henry Briscoe, a brother-in-law to Justice Wm. Townsend is lying almost at the point of death with heart dropsy at the Squire's home at Bowen.

The high waters left the Main street of our town in a very bad condition in places. The wash was something terrible at the mill race in front of the bank.

Dr. Shith is now located at his drug store, where he has also moved his office. Here he will cordially greet his callers and the former patrons of the drug store under the management of the late Dr. Littlepage.

The wash-out on the trestle at Waltersville was repaired so trains could run both ways late Monday afternoon. Work was kept up all day Sunday and at nights in order to get ready for traffic soon as possible.

If the night riders continue their depredations accredited them by the daily papers, which means sleep in daytime, they won't have time to raise anything this summer for trying to keep tohers from raising tobacco.

The high waters last week did great damage to fencing on the rivers and creeks. A good portion of it near the streams being swept away. Farmers are busy with repairs and otherwise getting ready for the Spring crop.

Mrs. W. N. Bush has an announcement in this issue that is of interest to all lovers of beautiful millinery and this includes all the girls and women of course. She has attractive goods and the prices are attractive also. If you are going to buy call and see these goods.

A Twenty Year Sentence.

"I have just completed a twenty year health sentence, imposed by Bucklen's Arnica Salve, which cured me of bleeding piles just twenty years ago," writes O. S. Woolever of LeRaysville, N. Y. Bucklen's Arnica Salve heals the worst sores, boils, burns, wounds and cuts in the shortest time. 25c at Swann-Day Lumber Co.'s store.

Judge William Reed in charging the grand jury at Paducah laid great stress on the recent outbreaks in that section and instructed the jury to indict every man against whom evidence of participation in lawlessness was brought.

He Got What He Needed.

"Nine years ago it looked as if my time had come," says Mr. C. Farthing, of Mill Creek, Ind. Ter. "I was so run down that life hung on a very slender thread. It was then my druggist recommended Electric Bitters. I bought a bottle and I got what I needed—strength. I had one foot in the grave, but Electric Bitters put in back on the turf again, and I've been well ever since." Sold under guarantee at Swann-Day Lumber Co.'s store. 50c.

Sacrificing the Young.

How many young beings are sacrificed to the idol, Business! Parents send their boys and girls, unseasoned, undeveloped, from the school room to the desk, the counter, the type machine to work all day, often by artificial light—their recreation an occasional evening in a close theater instead of an afternoon under the skies and green trees. All to make money! And when the money is made, too often the man is unmade, as God created him. Health is gone, or else the soul is shriveled, the imagination crippled, the zest of life has vanished.

Often it is necessary that goads the young to premature slavery, but often again it is ambition or greed on the part of parents, or the idea that their chief duty to the boy is to insure him early to the yoke, and keep him under it steadily that he may become a man of business. When he falls in harness, it is piously considered to be the doing of a mysterious Providence, to whose will one must be resigned.—Uncle Remus's April Magazine.

Death Was on His Heels.

Jesse P. Morris, of Skippers, Va., had a close call in the spring of 1906. He says: "An attack of pneumonia left me so weak and with such a fearful cough that my friends declared consumption had me, and death was on my heels. Then I was persuaded to try Dr. King's New Discovery. It helped me immediately, and after taking two and a half bottles I was a well man again. I found out that New Discovery is the best remedy for coughs and lung disease in all the world." Sold under guarantee at Swann-Day Lumber Co.'s store. 50c and \$1.00. Trial bottle free.

DALVAY.

Chesnut horse 6 by the Commoner (son of Hanover and Margerine by Algerine) dam Levisia by Brutus, second dam Llera by Fonso, third dam Acidanta by Canada. Bred and raced by Talbot Bros., Paris, Ky., and sold as a three-year-old to M. H. Tichenor, of Chicago.

Dalvay's only start as a 2-yr.-old was at Washington Park track, Chicago, on July 14, 1903, when he ran unplaced in a purse race won by Blumenthal with Dunganon second and Martius third. As a 3-yr.-old, however he was well high invincible, being inside the money in each of his starts. With a single break, where he finished second, Dalvay won eight straight races, beating the best horses at the Chicago track. The following is his record for the year 1904:

June 29. Hawthorne—Purse three-year-olds, 6 furlongs—Peter J. Somers 122, won; Dalvay 114, second; Singing Master 114, third; Fourteen Starters. Time, 1:15 2-5 \$85.

July 4. Hawthorne—Purse, 3-yr.-olds, one mile—Ananias 109, won; Dalvay 102, second; Miss Crawford 104, third. Seven starters. Time, 1:41 3-5. \$75.

July 16 Harlem—Purse, three-year-olds and upward, 7 furlongs—Dalvay (3) 93, won; Don't Ask Me (5) 111 second; Comrade (3) 98 third. Ten starters. Time, 1:27 3-5. \$465.

In 1906 Dalvay was started twice. At Brighton Beach July 26 he finished a good fourth after having been practically left at the post, and Aug. 13 at Saratoga broke down and has not since been trained. It will be noted that in his race at Harlem Sept. 9, 1904 Dalvay ran a mile in 1:39, defeating a number of the fastest horses in the West. He won, pulled up by two lengths and could unquestionably, have made better time had it been necessary. In all Dalvay won twelve races, was four times second, once third and four times unplaced. His winning totaled \$9,290.

This most excellent horse will make the season of 1908 at the stable of Thos. Conlee 1 west of Stanton at the low service fee of \$10.00.

This is an excellent opportunity for Powell county farmers to get the service of a thoroughbred horse. There is no better in the State.

Farmers are having trouble to get even a lettuce bed to stand in the Bluegrass section. Anything that looks like a tobacco bed must come down. The night riders mean business and take no chances.

R. C. Mansfield and his daughter, Mrs. Mollie E. Woodward, have purchased a winter home in Florida, where some members of the family spend the cold months of each year.

The college at Mlersburg which burned last year will be rebuilt. The college will cost \$40,000 and will be ready for occupation in September.

The Rev. R. H. Wightman will have a public sale of household goods at his residence in this city Saturday April 18. See posters for particulars.

Kimbrell.

W. G. Patrick was at Stanton on business last Monday.

S. D. Ewell has moved back to this place from Fayette county.

Joseph Cottman, of Log Lick, was here on business last Saturday.

Mrs. Eliza Stone sold some shotes to Zade Hodgkin for 34 cents per pound.

Daniel Blanton, of Hamilton, Ohio, is here this week visiting his old home and sisters.

Samuel Embs bought of A. C. Barnes, of Powell county, a milk cow for twenty-five dollars.

E. N. King and Harry Witt Jr. are the contractors for the new school house at this place which is to be completed by July 1st.

If the Democrats had failed to defeat the Lillard Bill appropriating \$75,000 a year to maintain a standing army in Kentucky, and if Gov. Willson had appropriated Major Lillard Adjutant General as he was petitioned by the Republican members of the General Assembly to do, no man can tell how many citizens would have been killed by Gov. Willson's soldiers and detectives.—Winchester Democrat.

That Boyle county man who had himself put in jail to prevent him from burning barns was evidently not in touch with the night riders.

No man should allow himself to become so rich that he will have more dollars than sense.

To Subscribers.

Remember that the new postal laws which took effect Jan. 1st positively prohibits us from mailing the Times to subscribers who are 12 months or more behind on subscription. This forces us to cut off some good names each week which we very much dislike to do, but we must obey the law. If you are cut off don't blame the publisher. Please renew and not miss an issue.

Hygeno DIP AND DISINFECTANT
THRIFTY LIVE STOCK

The all-important question with the farmer and live stock raiser is how to produce the most beef, pork or mutton with the smallest expense. The only answer is, prevent disease rather than try to cure it. Hygeno dip and disinfectant is a powerful germicide and positive insecticide. Used occasionally as a dip and spray it will keep the livestock in a healthy and thrifty condition. Hygeno costs less than one cent a gallon when diluted and we can positively say it will cost you more if you do not use Hygeno than it will if you do. If your dealer cannot supply you with Hygeno, send us his name and we will take care of you and mail our Hygeno Book and free sample.
